2. Contract No. [REDACTED] with the subject Contractor provides for the furnishing of a technical field engineer to install, maintain and service sextants [REDACTED] at places within the continental United States or overseas for the period 6 January 1958 to 6 June 1958.

25X1A

3. The contract allocates [REDACTED] for services during the above term. This amount has been obligated previously from [REDACTED] by letter to Baird-Atomic, Inc., SAPC-23342, dated 20 January 1958. By concurrence to this memorandum the Project Comptroller signifies that sufficient funds are available for this obligation.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.

5. Approval of Contract No. [REDACTED] and execution thereof
